

FEATHER RIVER RAIL SOCIETY – REPORT

DATE: September 9, 2014
FROM: Director Vicknair
ITEM: Department Report
SUBJECT: **Funding Department Status**

We did not receive the NRHS grant we applied for on behalf of the archives, however I have several other grant possibilities in the works for archives related projects.

On September 15, I am submitting a grant proposal to Sierra Pacific Foundation for funding the completion of the WP 165 restoration. I am also submitting a sponsorship offer to DeWalt Tools for support of the 165.

Before the end of the year, I also hope to submit at least 3 more grant applications for various projects, including walkway expansion and exhibits.

The Year End Fundraising letter is nearly done. For the October meeting, I hope to have sample and cost to print and mail. Goal is to mail by mid-October so that it will arrive end of October.
