

FEATHER RIVER RAIL SOCIETY

DATE: May 2017
ITEM: Director Report
FROM: Eugene Vicknair

CONVENTION REPORT

As of the Board Meeting we will be on the last presentation day of the convention. Total registration as of Thursday evening was 87. So far lots of compliments on the convention and the Mixer at the WP / NCO Depot.

ENTRY ROAD

We are reviewing options for repair and Steve Habeck has been dealing with the FEMA paperwork. Hoping to have a plan in place with the city now that the storms seem to be done and we are past Crew Training and the Convention.

FUNDRAISING

We were not awarded the Dailey Grant we applied for. We will be reapplying when the time limit allows. Other grants are coming up and applications in progress.
