TAX DONATION LETTERS

All 2017 donors and sponsors should have received their tax donation and thank you letters. In total, I sent out 165 donation thank you letters. I am also sending out special thank you letters to very high level donors and others who provided extra assistance to the Society in 2017.

LIGHT THE FIRE EVENT

We are almost 2 months from this event. So far we have sold 16 tickets on line and I have heard some directors have sold a few. I am hoping to have the last of my set sold by meeting time. Patty and I have been promoting the event and Paul has been keeping it prominent on the website. Ads are going out in the upcoming Headlight and Train Sheet and they are also in the flyers I am getting Steve for Winterail.

We are having the two biggest names in steam restoration speaking at this event. We should be able to sell this out. Please let me know any tickets you have sold at the meeting or drop me an email before.
