20 YEARS AGO...

Looking at her now, it's hard to believe that WP 805-A, our celebrated *California Zephyr* locomotive, once looked like this. Here she is, recently arrived from the Louisiana and Northwestern Ry, where she had spent over a decade in service after being sold by General Electric. The WP traded her in on U23B locomotive 2260. Today, she not only once again wears orange and silver, but she also runs once again, thanks to a dedicated team of volunteers.
