Correspondence

G. Elems

- We had a very interesting visitor to museum today. WP President Mike Flannery's daughter came to visit. She got her portrait taken with her father's official portrait and got a tour around the WP 165 and diesel shop. She really liked the WP SW1500 1503. She has things she wants to donate to us. Very impressed with and appreciative of the museum. She also took a look at the "Charles O. Sweetwood" and confirmed that WP started painting cabooses red again based on a suggestion to their father by her sister
