

FEATHER RIVER RAIL SOCIETY – AGENDA REPORT

DATE: August 9, 2012
FROM: Eugene Vicknair, Secretary
ITEM: Department Report
SUBJECT: **Publications**

After many, MANY issues, Issue 159 of the Train Sheet finally got into people's hands in the last month. Issue 160 was wrapped up this week and was sent to the printer.

I am starting on Issue 161, but am, as always, shy on content. I would very much like to get reports on mechanical work (not needed for steam, thanks Chris!), more info on operations department and other items of interest. I would very much like to get articles on Dunsmuir Days, Portola RR Days and, if we go, Colfax RR Days for upcoming issues.

FEATHER RIVER RAIL SOCIETY – AGENDA REPORT

DATE: August 9, 2012
FROM: Eugene Vicknair, Secretary
ITEM: Surplus Property Report
SUBJECT: **Equipment For Sale**

USNavy MRS-1 544 – Alco Museum in Schenectady, NY is considering the offer authorized last meeting.

SP SD9 4404 – Western Rail approved the contract with two adjustments requested. We are working on getting a UP interchange inspection before deciding on these requests.

SP Beet Gons – Another museum has expressed an interest in one of the beet gons. Negotiations are in progress. Santa Maria Valley would like the other, but is unsure how to effect movement. They are discussing.
