

FEATHER RIVER RAIL SOCIETY – AGENDA REPORT

DATE: October 8, 2013
FROM: Eugene Vicknair - Director
ITEM: Direction Report
SUBJECT: Fundraising Status

As per Board direction, I have refined the proposed Kickstarter campaign to focus on the WP 501 and getting it restored for its 75th birthday in 2014. I am working with Gail McClure on refining the costing for the gift items and will be initiating the campaign as soon as we have all those details nailed down. The information materials on the Society I have worked up for the Kickstarter will also be used for the Rally.org site which will initiate at the same time.

SUBJECT: Train Sheet Status

One issue is at the printer and another is in layout.

Upon completion of the issue in layout, I have informed President McClure that I will resigning as editor of the Train Sheet. I intend to focus my future publications efforts on assisting Mike Mucklin and the Headlight staff with more feature articles and assisting with any book projects.
