RE: Committee consensus: Carrbell Plow / Sunburst Rose

From: FRRS Collections Management Committee

7/09/2016

The Committee was asked to consider the following by Director Vicknair:

- The “Carrbell” snow plow, currently stored at the moribund Almanor Railroad.

Unanimous decision: **Not relevant to the permanent collection.**

- Southern Pacific sleeper “Sunburst Rose” nee WPMW 37-7

Unanimous decision: **Transfer / trade to CSRM.**

“It has always been my understanding that there was/is an intention to recreate a relatively complete WP wreck/work train and this car was part of that plan... as long as these pieces sit randomly on the property, they are not fulfilling their role in the collection. ” – Mike Mucklin

Respectfully Submitted,

FRRS Collection Management Committee
