

FEATHER RIVER RAIL SOCIETY

DATE: July 2016
ITEM: Director Report
FROM: Eugene Vicknair
SUBJECT: **Meeting with Local Government Representatives**

Based on feedback and comments at the recent Media Day event, Portola City Manager Robert Meacher has invited Steve Habeck and myself to a meeting of local political representatives on Wednesday, July 13 to discuss issues relating to the FRRS, our future plans and interaction with the city and the local region.

As part of this meeting, we will be discussing the WPRM Master Plan, priorities we have for improvements and funding, and how we can interface with the city and local community and enhance our role as an economic engine for the region.

This will be a meeting of only about 1-2 hours, but we would like to get some feedback from the Directors and members at the July meeting to help frame the agenda.
