

FEATHER RIVER RAIL SOCIETY

DATE: March 2017
ITEM: New Business 4
FROM: Eugene Vicknair
SUBJECT: **Archive Film Scanning**

I have received a quote for scanning 2 16mm reels and 4 8mm reels in high definition with restoration and clean-up work. The scanning would include release of files in two editing formats on both a hard drive and on 200 year archive DVDs.

Cost would be \$2,500.

RECOMMENDATION: Approve \$2,500 expenditure for film scanning from line item -
