FRRS BUSINESS CARDS

Our new treasurer, Bart Hansen, asked me about FRRS business cards. We have not printed cards for our directors, officers and managers for a long time. We had tentatively approved a new design about 10 years ago, but I don't think any were printed.

Bart has offered to pay for his own cards but I want to make sure that the Board reaffirms approval of the design (Bart did ask for 1 change) or requests a new design.

The previously approved design with the graphic change of the GP image in the lower right is below. Bart actually asked for a different image but that one did not work well and was too complex to see clearly.

We recently had new business cards printed for my company as a website called 4by6.com. 100 cards was \$36-\$55 depending on the finish.
