

## **FEATHER RIVER RAIL SOCIETY**

DATE: March 2018  
ITEM: New Business 1 – Equipment Painting – WP SW1500  
FROM: Eugene Vicknair

Would like to have a discussion with the Board about timing and cost for painting WP SW1500 1503 and other equipment.

We have some volunteers willing to lead this effort, plus money in the Restricted Funds that has been donated to cover the 1503's paint work.

There is also a suggestion to coordinate painting with the final painting of WP 165 to maximize effort and efficiency.
