RR Days

The [2018 RR Days news item web page](#) was updated as information was received and has now morphed into the historical item for this event. I also created a 2018 Railroad Days photo gallery with photos from the event on the [WPRM Photo & Video Gallery](#) web page. I have plenty of pictures of the trains and the crews for the RR Days Gallery. What I need are photos of the visitors, model layouts and things that made it railroad days. If you have any please send them to me.

Safety Web Page

I have been working with Kerry Cochran to create a new [Museum Safety page](#), it was released on 8/17/18. It is listed on the Members pull-down menu.

Modeling Web Pages

I have been working with Kerry Cochran to create a set of web pages related to modeling the Western Pacific and related lines. They are not yet released to the public. It will include indices to modeling articles in the *Train Sheet* and the *Headlight*. It will also have modeling information and photos of WP and related road models.

WPRM Coffee Mug

Eugene Vicknair reported that the \$24 profit from the proof-of-concept WPRM Coffee Mug project on the web page was successfully credited to the society's PayPal account.

2018 Pumpkin Express

I received the graphics for this year's Pumpkin Express event in October and added a link on the home page to the [2018 Pumpkin Express news item](#). If I receive any more information about the event I will update the news item. I expect to create a photo/video gallery after the event as I have done in previous years. If you go to the Pumpkin Patch this year, please take a camera and send me your best shots to include in the gallery.

Passenger Train Report for 2018

I have included the YTD Passenger Train Report for 2018 in this month's reports to the board of directors meeting. This report contains a large amount of information that we collected over the summer season. I think it will be valuable to the Operating Department Leadership Team and the FRRS Board in planning next year's schedules. I expect there will be an agenda item for the October Board Meeting so I wanted to distribute the report now so people will have time to review it before the discussions. Please contact me if you have questions or suggestions.
