

FEATHER RIVER RAIL SOCIETY

DATE: October 2018
ITEM: Surplus Property Report
FROM: Eugene Vicknair

Amtrak 8070 – Santa Fe 601 Diner

I have received a copy of the ownership transfer document back from legal review and will be sharing copies with the Board in the meeting. I need to finalize a couple items in the document before then.

Once approved, Bill Wisneski has agreed to transfer ownership of the car back to the FRRS.

I would recommend that the Board officially determine future plans for the car. My strong suggestion is that the Board authorize me to offer the car for sale to other museums / historic entities who can preserve the car in its Santa Fe context.

I have already received numerous suggestions of possible homes for the car.
