

FEATHER RIVER RAIL SOCIETY

General Superintendent's Report

Kerry Cochran

Date: May 28, 2019

The museum is now open daily, 10-5.

2019 Crew Training:

The second crew training was held on Sunday May 27, 2019 at the museum in the Board room. Loren Ross, Superintendent of Operations conducted the crew training. We had five crew members, along with the webmaster/supervisor Paul Finnegan attend.

The rules exam and hands-on training was provided during the training with a question and answer session.

Should you have any questions about the Operating Department or the Annual Crew Training, please contact Loren Ross, Superintendent of Operations. I am sure that Loren would like all the help he can get for the caboose train during this operating season.

Speaking about crew, we are in need of crew members to sign-up and come help run the caboose train at the museum. Currently there are very few members who have signed up and the museum needs your help.

Volunteers Background Checks:

All members should be looking in their email inbox for an invitation from TheAdvocates@VerifiedVolunteers.Com.

This is the invitation to start and complete your background check that is now required for volunteering at the museum.

Several members have indicated that this email has gone into their spam filter and they have missed the email.

I encourage all members to take the time to respond to this important safety issue and should anyone have any questions, you can read the policy on our website or you may contact me directly.

Please keep in mind that we need volunteers throughout the year to keep the museum in shape in order to meet our visitors' expectations. Several of our members worked through the winter to keep the museum safe and in good shape for the following season.

While at the museum for this week and talking to our FRRS President, Steve Habeck, there are several items that need attention at the museum. President Habeck will be sending out a reminder to several of the staff members and volunteers, for specific work and jobs that need to get done as soon as possible.

This will improve the visitors experience while they visit our museum and keep things cleaned up so we look presentable.

"As always, there are so many volunteers that help around the museum all the time and I would be remiss if I did not say thank you to all of you. I may have missed some specifically by name; however all of your help is greatly appreciated".

At any time should you have any questions, please feel free to contact me. I may not have an answer right away, however I will get one for you. For those who wish to contact me by email, please note my email address has changed, the new one is: kc6knt@gmail.com.
