Re: *Train Sheet* Report  
Date: April 7, 2020

### **January/February/March 2020 Issue #184**

The publication schedule for issue #184 was April 1<sup>st</sup>. Although I am committed to keeping the *Train Sheet* on schedule (like a well run train), I choose to delay publication two weeks until April 15<sup>th</sup> due to the COVID-19 pandemic. I expect there to be important decisions made at the April 11<sup>th</sup> board meeting and I want to have that information in the *Train Sheet*. After the board meeting, Eugene and I will need to update the FRRS Calendar and related material so we publish the best information available.

The current plan is to publish with the usual email and mail using Pine Press in Sunnyvale. Pine Press has indicated they can print the issue and do mailing even though their office is closed to the public. The international mailing may be delayed depending on the social distancing situation at the end of April.

While preparing the Membership Report for the issue, I discovered some discrepancies in the Membership Excel files and passed my questions back to the Membership Team.

The following articles are planned and current status:

- March 2020 Election Committee Train Sheet Article (Matt Shuman) – DONE
