

FEATHER RIVER RAIL SOCIETY

DATE: October 2020
ITEM: Director Report
FROM: Eugene Vicknair

ONLINE STORE

We have one item of issue with the online store. Our credit card processor is not linking to it due to an issue with our account settings. I am having a tech support call with them on Monday, 10/12. Once this is fixed, we will be ready to go live with the new on-line store after a few extra days of testing.

Merchandise is starting to arrive to support the store opening.

FENCE INSTALLATION

A few weeks ago, Greg and David Elems and I walked the entire property line and reviewed the fence location and various items related to the fence. A couple weeks after that, Greg Elems and Charlie Spikes met with a rep from Tholl Fencing to get a quote to complete the perimeter fence. I have sent them some dimensions and survey maps to support the quote. Hoping to hear back soon with a quote.
