

FEATHER RIVER RAIL SOCIETY

General Superintendent's Report

Kerry Cochran

Date: Sept. 5, 2021

While the operating season comes to a close, and the caboose train is put away for the winter, I would like to take the time to thank all the members who have given their time to the museum and the caboose train operation this year.

Several of our officers and directors have been performing double duty in helping keep things running with the caboose trains.

While the Dixie Fire continues to threaten several areas in Plumas County, it has not made its way into Portola. While there were some evacuation notices put out, some have been lifted and the museum has still been able to remain open.

Thank you to all the members who showed up to help us out at the museum.

The board, in discussion with the President, decided to offer a ½ price admission to the museum with three non-perishable items that would be collected for E.P.C.A.N., the local food pantry. This is one way to give back to the community since we will be unable to hold this year's collection during Santa trains.

One of the other things that has taken place is the Plumas County Health Officer has issued an order requiring all persons to wear face coverings in indoor workplace and public settings. This was effective starting 12:01 AM August 30, 2021.

At any time should you have any questions, please feel free to contact me, I may not have an answer right away, however I will get one for you.

Kerry Cochran
Director/General Superintendent
