CHESTER WP BOXCAR

Scott Franklin has put me in touch with a trucker who is going to take a look at the boxcar and give us a quote for moving.

ADVERTISING

Big Fish has started posting some social media image ads and we are finalizing the videos for the video ads. Hope to have those done soon and be promoting the museum and the RAL program.

GREAT STEAM UP in CARSON CITY

I have reached out to NSRM but have not heard back yet about bringing the Model T to the event in July.

WP 302 COACH

I am working with a trucking company that has quoted between \$40,000 and \$47,000 to move the car. They are refining their quote and I am staying in contact with Les Beckman.
