

The Zephyr Project

an ongoing program of the Feather River Rail Society

Your support can help us bring these historic items back to life. This special fundraising campaign has been created to return the California Zephyr to life. The current goal is the complete restoration of the "Silver Hostel" dome car and its famous Cable Car Lounge to the original splendor of the CZ, and to complete mechanical and cosmetic restoration of the 805A, allowing it to proudly return to its rightful place leading Zephyr cars.

The dream of bring the CZ home to Portola has been going strong since the day the museum opened its doors for the first time. Now, that time is here! The goal of the current campaign is to raise \$250,000 within the next four years and complete all work within five years. With corporate donors and public and private grants and donations joining our members we can meet this timeline!

Reports are published in the *Train Sheet* so members can track the progress to the goal of fully restoring these important items of WP history. Historical information on the "Silver Hostel" and the 805A can be found within upcoming issues of the *Headlight* and the *Train Sheet*.
