STEAM PROGRESS...

Nathan Osborn and James Cowdry, two of the new volunteers who have signed on as part of the WP 165 Restoration, examine the boiler shell and discuss strategies while mapping it to determine shell thickness and overall condition. Work on WP 165 became very visible in 2007 and is looking at making some major progress during 2008. Regular updates can be found on the website at: <http://steam.wplives.org>.

Mission Statement

"The Feather River Rail Society is dedicated to the preservation, interpretation and education of the public, as to the history and people of the Western Pacific Railroad."

Mission Goals

To preserve and interpret the history of the WP, the "Willing People" as a vital link in the development of the rail industry on the West Coast, including the steam and diesel evolution, WP's influence in the passenger tourism industry, the impact of freight competition between neighboring railroads. WP's influence in the lumber, mining and agriculture industry from Plumas County throughout California, Nevada and Utah.
