Mr. C. C. Story.....Pulga

In connection with the Clio passing track extension as covered by A.F.E. 27-41, please arrange to take final cross-sections of the grading.

I am enclosing herewith copy of A.F.E. 27-41, and if the job is completed at the time you take the final sections, you should make the usual inventory for the track work.

This should be done on or before April 10th, if possible, but not later than the 15th.
